LATINO FRATERNITY, INC.

Risk Management Policy

Lambda Sigma Upsilon Latino Fraternity, Inc. (LSU) is committed to the safety, well-being, and responsible conduct of its members, pledges, guests, and the community at large. This

Risk Management Policy outlines the guidelines for minimizing risk and ensuring that all fraternity events and activities are conducted safely and responsibly, in alignment with our four goals of Academic Excellence, Cultural Awareness & Diversity, Brotherhood, & Being a role model to the community.

Purpose of the Risk Management Policy

The purpose of this policy is to:

- Promote a safe and healthy environment for all fraternity-related events.
- Prevent incidents that may cause harm, injury, or damage to individuals or property.
- Ensure compliance with all applicable laws, university regulations, and fraternity policies.
- Protect the reputation and integrity of Lambda Sigma Upsilon Latino Fraternity, Inc.

Scope of the Policy

This policy applies to all members, pledges, alumni, and guests participating in any LSU sponsored or affiliated event, on or off-campus, including but not limited to:

- Social events, parties, and gatherings.
- New member recruitment and intake activities.
- Community service and philanthropic events.
- Brotherhood activities and meetings.
- Any event where the fraternity is represented.

Event Planning and Risk Mitigation

- **Event Approval:** All chapter events must be approved by the chapter's executive board and comply with university and fraternity guidelines. Events involving alcohol or large gatherings must have an event planning form submitted and approved in advance.
- **Event Registration:** All events, especially those involving alcohol, must be registered with the appropriate university or governing body according to their guidelines.
- **Sober Monitors:** A minimum of two sober monitors, depending on the size of the event, must be designated for any fraternity-sponsored event where alcohol is present. These individuals are responsible for overseeing the safety and well-being of attendees, ensuring responsible conduct, and intervening in case of emergencies.

Alcohol and Substance Use

- **Legal Drinking Age:** The consumption or service of alcohol by anyone under the legal drinking age (21 years old) is strictly prohibited at fraternity events.
- **No Open Parties with Alcohol:** LSU prohibits open parties where alcohol is served unless proper controls, such as a guest list, are in place. Events with alcohol must be by invitation only and monitored by sober individuals.
- **Third-Party Vendor:** Alcohol must be served by a licensed third-party vendor at chapter events. This ensures that alcohol is distributed responsibly and in accordance with local, state, and federal laws.
- **No Illegal Drugs:** The possession, use, or distribution of illegal drugs at any fraternity event is strictly prohibited.

Health and Safety

- **Emergency Preparedness:** All LSU chapters must have emergency procedures in place for events, including access to first aid supplies and knowledge of emergency contact information. In case of an emergency, members should immediately contact the appropriate authorities.
- **Event Security:** Events must be staffed with appropriate security measures if necessary. For larger events, this may involve hiring security personnel or working with campus police.
- **Capacity Limits:** Chapters must ensure that venues are not overcrowded, and attendance must not exceed the legal capacity of the event space. Exceeding capacity can create hazardous conditions.

New Member Education and Hazing Prevention

- **Positive Intake Process:** All membership intake and new member education activities must be free from hazing and conducted in a manner that promotes respect, learning, and brotherhood.
- **Hazing Prohibition:** Hazing in any form is strictly prohibited, as outlined in LSU's Anti-Hazing Policy. Risk management for new member activities includes ensuring that all events are educational, safe, and promote the well-being of all participants.

Sexual Misconduct and Harassment Prevention

- **Zero Tolerance for Sexual Misconduct:** LSU has a zero-tolerance policy for sexual misconduct, including harassment, assault, and any behavior that violates an individual's dignity and safety. Members and guests must always conduct themselves with respect toward others.
- **Consent:** Consent is required for all sexual interactions, and it must be freely given, informed, and enthusiastic. Any violations of this policy will result in disciplinary action, including possible suspension or expulsion.
- **Education and Awareness:** Chapters are required to participate in annual sexual misconduct prevention and awareness programs to ensure that all members understand and uphold these standards.

Transportation and Travel

- **Safe Travel:** Members are expected to follow all local laws regarding transportation, including the use of seat belts and driving under the influence. A designated sober driver must be arranged for any event where alcohol is present.
- **Bus and Group Travel:** For events that require group travel (e.g., retreats, conferences), chapters must ensure that appropriate transportation (e.g., charter buses with licensed drivers) is arranged. No fraternity member should drive under the influence or without proper rest during long trips.

Incident Reporting and Response

- **Reporting Incidents:** Any incidents, including but not limited to injuries, medical emergencies, altercations, or violations of this Risk Management Policy, must be reported to the chapter executive board and, if necessary, to the national organization and university administration.
- **Crisis Management Plan:** In the event of a major incident, the chapter must have a crisis management plan in place. This includes immediate contact with local authorities, university officials, and the fraternity's national headquarters.
- **Post-Incident Review:** Following any major event or incident, the chapter should conduct a review to assess what occurred and to develop strategies to prevent future incidents.

Education and Accountability

- **Mandatory Risk Management Training:** All members must participate in regular risk management training, covering topics such as alcohol and drug awareness, hazing prevention, sexual misconduct prevention, and event safety.
- **Chapter Leadership Accountability:** The chapter's executive board is responsible for enforcing this Risk Management Policy and ensuring that all members are educated on its provisions.
- **Disciplinary Action:** Any violation of this policy will result in disciplinary action, which may include suspension, expulsion, or referral to law enforcement authorities, depending on the severity of the violation.

Commitment to a Safe and Responsible Brotherhood

Lambda Sigma Upsilon Latino Fraternity, Inc. is committed to maintaining an environment where the health, safety, and well-being of all members and the community are prioritized. By adhering to this Risk Management Policy, we ensure that our brotherhood continues to reflect the values of leadership, scholarship, and service while promoting a culture of responsibility and respect.
