- **Controlled Substances:** Misuse of prescription medication, performance-enhancing drugs, or any other controlled substances without a legitimate prescription is considered a violation of this policy.
- **Legal Consequences:** Any member found violating drug laws will be subject to disciplinary action by the fraternity and may be referred to law enforcement authorities.

Alcohol Use

- **Legal Drinking Age:** The consumption of alcohol by any member or guest under the legal drinking age (21) is strictly prohibited at all fraternity events.
- **Responsible Alcohol Consumption:** Members of legal drinking age who choose to consume alcohol must do so responsibly and in a manner that reflects positively on themselves and the fraternity.
- **No Alcohol at Pledge Events:** There shall be no alcohol present at any fraternity events involving pledges or during the intake process.
- **No Open Parties with Alcohol:** LSU prohibits open parties where alcohol is provided without proper controls in place. All events involving alcohol must adhere to LSU and university guidelines, including having a guest list, licensed bartenders, and non-alcoholic alternatives.

Events and Social Functions

- **Risk Management:** LSU chapters must implement risk management practices at all social events. This includes the use of sober monitors, transportation options for attendees, and the enforcement of guest lists.
- **Third-Party Vendor:** All events with alcohol must be held at a licensed venue or use a third-party vendor to distribute alcohol in compliance with local, state, and federal laws.

- **No Illegal Drugs at Events:** All LSU-sponsored events are drug-free, and any member or guest found with illegal drugs will be immediately removed from the event and subject to disciplinary action.

Education and Awareness

- **Educational Programs:** LSU chapters are required to provide regular educational programs on the dangers of substance abuse, alcohol misuse, and the importance of mental and physical well-being.
- **Support Resources:** Members struggling with substance abuse are encouraged to seek support and utilize resources available through the fraternity, the university, or external organizations.

Disciplinary Action

- **Violation of Policy:** Any violation of this anti-drug and alcohol policy will result in disciplinary action, which may include suspension, expulsion, or referral to law enforcement.
- **Investigation and Review:** Alleged violations will be investigated by the chapter's executive board or an appointed disciplinary committee. If the violation is confirmed, appropriate sanctions will be applied.
- **Immediate Suspension:** Any member found distributing illegal drugs or facilitating the misuse of substances will face immediate suspension pending further investigation.
